And the Winner Is... Salvation Army!

Congratulations to the Salvation Army for winning the *Energize Your Congregation!* Energy Challenge. The Salvation Army earned 58 points throughout the Challenge for the following energy actions: 5 energy efficiency tabling events (up to 5 points total); 28 Home Energy Squad® visits (28 points), and 1 energy audit for their building (25 points).

All congregations should be congratulated on their efforts to reduce energy, save money, and be good stewards of the earth! Through your efforts the Challenge has resulted in a total of 53 Home Energy Squad® visits, 1 home energy audit, 2 subscriptions to Xcel Energy's Windsorce®, and 4 congregation energy audits.

Are You Still Interested in Taking Energy Actions?

The end of *Energize Your Congregation!* Energy Challenge doesn't have to be the end of your energy actions. Representatives from the Neighborhood Energy Connection are always available for energy presentations and tabling before, during, or after service or at your next event. Contact Terry Chaney, Home Energy Squad Outreach Specialist, for additional information (651) 328-6226, terryc@thenec.org.

Additionally, you can always schedule a free energy assessment with the MN Chamber of Commerce's Energy Smart Program. Contact Karen Malkowski, Energy Efficiency Specialist, for additional information (651) 292-4657, kmalkowski@mnchamber.com.

Participating Congregations

Final Points
