Make A Commitment To
Stay Active
In Your Neighborhood Parks

About the Neighborhood Preserves
Rolling hills, majestic oaks, old pastures with gnarled apple trees, a frog chorus await you at the Maplewood Neighborhood Preserves. These special places were set aside by the citizens of Maplewood for all to enjoy. They are a place for discovery where hiking, bird watching, and enjoying nature take precedence.

The 14 Neighborhood Preserves range in size from five acres to 46 acres. Many of the preserves have footpaths and mowed trails. If you’re looking for a preserve with a hard surface trail, visit the Maplewood Nature Center or Prairie Farm.

Few people in Maplewood have experienced an oak woodland, oak savanna or wet prairie. Yet these are the historical landscapes of our city. Maplewood is committed to restoring the preserves to native vegetation so residents can enjoy these long-lost landscapes.

The Maplewood Park & Recreation Department oversees 35 parks totaling more than 565 acres and 14 neighborhood preserves totaling more than 295 acres. Park amenities include baseball, football and soccer fields; softball diamonds; basketball and tennis courts; outdoor skating rinks; playground equipment for young children; and picnic shelters.

Maplewood’s Recreational Programming
Maplewood runs a comprehensive program consisting of many leagues, camps, classes, and clinics for both youth and adults.

Maplewood Nature Center
is part of the park system where the city employs naturalists who offer youth and adult environmental programming.

Maplewood Community Center
houses a performing arts theatre, banquet rooms, aquatic center, fitness facility, gymnasium, massage, and racquetball courts.

Maplewood offers fun opportunities to get active in your neighborhood. Whether you bike, skate, or take part in recreation programs, discover the fun in your local parks!
