

MEMORANDUM

TO: Melinda Coleman, City Manager

FROM: Karen Haag, Director Citizen Services

DATE: April 5, 2016

SUBJECT: Consider Approval of Revisions to City Code Changing from Odd to Even Year Elections – First Reading

Background

At the March 14, 2016 city council meeting, staff was directed to bring a first reading of an ordinance changing the city's municipal election from odd to even year.

State Statute 205.07 Subd. 3 directs that within 180 days after passage and publication of the ordinance, a petition requesting a referendum on the ordinance may be filed with the city clerk. The petition must be signed by eligible voters equal to ten percent of the total number of votes cast in the last municipal general election. There were 6,036 voters casting votes which would be 636 voters signing the petition.

Should an eligible petition be submitted the new ordinance would not become effective until it has been placed on the ballot and been approved by a majority of voters voting on the question at a special election held at least 60 days after petition's submission. At the time that a petition is filed, the city council may reconsider adopting the ordinance.

Councilmember Terms

There are provisions in Statute § 205.07 directing that the governing body may adopt supplementary ordinances shortening or lengthening the terms of incumbents and those elected at the initial election.

If the City Council chooses not to address this issue State Statutes dictates, Councilmember terms expiring in an odd-numbered year be automatically extend one year until the date of the next (even-numbered year) election.

If council would shorten terms in the ordinance revision, an election cycle would be held in 2017 for the office of Mayor and two Councilmembers. This would be an estimated cost of \$65,000 in addition to the cost of a special election held if an eligible petition is filed.

While there is a statutory option to shorten terms it would be costly to do so and staff recommends that it not be addressed in the ordinance revision.

Following are scenarios for consideration if an ordinance changing from odd to even year elections is approved:

- If an eligible petition is filed, the council would call a Special Election to see if the referendum changing from odd to even years passes.

- If the referendum passes the ordinance goes into effect and the next municipal election would be held in 2018.
- If the referendum fails the 2017 odd year municipal election will be conducted.
- If an eligible petition is filed, the council may reconsider its action adopting the ordinance and conduct the 2017 odd year municipal election.
- If no petition is filed the ordinance will go into effect after the adoption and 240 days after publication and the next municipal election will be held in 2018.

If the first reading of the ordinance is approved the second reading will be on the April 25, 2016 agenda an outline of important dates follows:

April 11	First reading of the ordinance
April 24	Second reading of the ordinance
May 4	Publication and start of 240 days and 180 days for petition to be filed
October 31	Deadline for petition to be filed
December 31	240 th day if petition is not filed ordinance is in effect
January 4	First possible day of special election if petition is filed (56 days after a State election and at least 60 days after a petition is filed)

Recommendation

Consider approval first reading of the ordinance changing municipal elections from odd to even years.
